2 Custom Built 18"-20" D (TBD), 30" W, 60" H Cabinets, Interior finished to homeowner's specification (TBD shiplap, beadboard, wallpaper or painted, etc.) With multiple interior hooks, location TBD, and one interior (adjustable height) shelf (aprox. 3-5 possible heights).

6" from top of cabinet to ceiling. wait to determine deco strip placement $\frac{3}{4}$" vs 2 $\frac{3}{8}$" side TBD this afternoon after I play around with mudroom side.

Deco strip can be placed here $\frac{3}{4}$" side) if homeowner deems 2" gap is too noticeable after refrigerator is installed.

Maximum height for Fridge Cabinet is 96" (panels are 36" x 96")

NOTE counter top thickness: keep to minimum so that cabinet doors =60" and align with refrigerator height.

2 IKEA 24" D, 30" W Drawer Base Cabinets Shown with 5", 10" & 15" drawer fronts

Reduce Toe kick to minimum (verify onsite with homeowner) to compensate for 60" door that aligns with fridge. IKEA SEKTION legs are adjustable from 3 $\frac{1}{2}$"-5 $\frac{1}{2}$" H. If possible adjust to 3 $\frac{1}{2}$"
